EDUCATION

BACHELOR OF SCIENCE (COMPUTER SCIENCE)

2018-2021

Bharathiyar University/Sree Narayana Guru College : I received a Bachelor of Science in Computer Science from Sree Narayana Guru College, which is affiliated with Bharathiyar University in Coimbatore, Tamil Nadu, India. Where I completed coursework in programming, algorithms, database management, and web development. Throughout my time at university, I gained a deep understanding of computer science principles and honed my technical skills. My education has provided me with a strong foundation in computer science that I continue to build upon as I pursue my career in IT.

HIGHER SECONDARY EDUCATION (COMPUTER SCIENCE)

2015-2017

SCERT/Umbichee Hajee Higher Secondary School : I completed my higher education from UHHSS, which follows the SCERT syllabus in Kerala, India. The curriculum covered a range of subjects, including Mathematics, Physics, Chemistry, and Computer Science, providing me with a solid foundation in the sciences. Through my studies, I developed analytical skills, logical thinking, and problem-solving abilities. I achieved an overall percentage of 70%, which is a testament to my hard work and dedication to my studies. My secondary education has equipped me with a strong academic background, which has been instrumental in pursuing my higher education in computer science and embarking on a career in IT.

HIGH SCHOOL EDUCATION

2012-2015

CBSE/Ideal Public School : I completed my high school studies at Ideal Public School, which follows the CBSE syllabus in Kadalundi Nagaram, Kerala, India. I developed strong analytical skills, problem-solving abilities, and a passion for technology. I achieved an overall percentage of 76%, which is a testament to my dedication to my studies and my commitment to excellence.
